

Call for Papers on ICHSM 2019

Special Session: Data Analysis in Medical Health Informatics

Organizers

Session Chair, Professor Liang-Tsung Huang
Department of Medical Informatics, Tzu Chi University, Hualien, Taiwan

Professor Tian-Fu Lee
Department of Medical Informatics, Tzu Chi University, Hualien, Taiwan

Professor Lien-Fu Lai
Department of Computer Science and Information Engineering, National Changhua
University of Education, Changhua, Taiwan

Introduction and Interests

This session is an opportunity for leading academicians, engineers, scientists, researchers, industrial professionals and students from around the world to network and has scientific discussions on the latest developments in the fields of data science. The main focus of this special session will be on the proposal of *analysis and applications to explore knowledge from medical health data*. This session is also organized to invite them to submit unpublished and original works, but it is not limited to the following topics:

- (1) Healthcare Informatics
- (2) Medical Informatics
- (3) Big Data in Medical Applications and Health Care
- (4) Precision Medicine
- (5) Translational Bioinformatics

Paper Presentation

All accepted journal presentations will be presented orally in Chinese during the conference. At least one author is expected to register to ICHSM 2019 and to present the paper in person.

Submission of Manuscripts and Publishing

The manuscript must be written at least 5 pages in English or Chinese, including title, author's name, affiliation and abstract in both English and Chinese. The manuscript

should not exceed 20 pages according to the instructions of authors (<http://www.airitilibrary.com/jnl/ititledo/P20140403001-n.pdf>). All accepted papers of special session will be published in the conference proceedings, which will be indexed by EI Compendex and Scopus, or Journal of Data Analysis (JDA, ISSN: 1819-2343), which is indexed in: ACI and EconLit.
